

Is offering you a way to...

## HELP THE ANIMAL SHELTER KITTIES!

All the cats at the Tallahassee-Leon Community Animal Service Center live in stainless steel kennels, which is necessary for sanitation purposes but not very comfortable.

TREATS (Treatment Resources & Education for Animals in Temporary Shelters - [www.treatsinc.org](http://www.treatsinc.org)) is inviting quilters to help make the cats more comfortable and show off their natural beauty to prospective adopters. By making and donating **kennel quilts**, you will be providing comfort to needy cats and kittens.

Since the quilts will be replaced and washed often, they will be subjected to a strong washing solution of detergent and bleach, so the kennel quilts will not last forever. But for many months they will provide the shelter kitties with a softer and warmer surface on which to lie.

### Requirements:

- **Finished** quilts need to be one of the following sizes:
  - Small: 22" x 28"
  - Medium: 28" x 28"
  - Large: 34" x 28"
  - X-large: 46" x 28"
- The fabric for the quilt top as well as the backing should be 100% cotton or cotton blends. (No flannel, please)
- **No tied quilts.** (Cats will untie them.)
- **No beading, buttons, fringe, or other embellishments.**
- Low-loft cotton batting should be used.
- All quilts should be machine-quilted and **must have binding around the edges** (this is for strength).

Quilts will be accepted at any time and will be put into the kennels immediately. This is an on-going project to enhance the lives of the cats and kittens during their stay at the animal shelter. Any assistance you can provide will be appreciated by everyone! Thank you!
