

March 2018 Quilters Unlimited Block of the Month Pi Day: Pi Applique

Use either 1 large or 2 small applique patches for the 12 inch FINISHED block. Add ¼ inch for standard applique, or use fusible and zig-zag around the outside. Color options are fruity (e.g. blueberry, cherry, apple, pear)

π is a mathematical constant representing the ratio of a circle's circumference to its diameter. It is an irrational number, meaning it cannot be expressed as a simple fraction and its decimal representation never ends or repeats. The value of π is approximately 3.14159.

π is used in many mathematical formulas, including the area of a circle ( $A = \pi r^2$ ) and the volume of a cylinder ( $V = \pi r^2 h$ ). It is also used in trigonometry and calculus.
